ACADEMY MANAGER JACK HIGGINS

"First establishing as a Category 3 Academy in 2016, we have continued to go from strength to strength. The pace of our growth during that time has been unrivalled and we now stand 8-years on as a well-established Category 2 Academy, which has quickly gained a reputation for developing youth talent on and off the football pitch.

We want to continuously connect with our local businesses and widen the opportunities for the young people on the Fylde Coast and consistently provide an outstanding programme at Fleetwood Town that develops successful skillsets, and people first.

We are unique in how we work; we want to work differently to be better than others and urge our local businesses to support. The benefits of such will continue to build connections with our town, local people and businesses, but also solidify relationships with our young people who we are confident that if not successful on the pitch, will have the transferable skillset to be hugely successful in life."
